MOODY EARLY CHILDHOOD CENTER
Board of Directors Regular Meeting – COVID Outbreak
Videoconference via Zoom
June 26, 2020

Present: Ms. Massey (Presiding), Ms. Brown, Dr. Prochaska (joined late at 1:44 pm), Ms. Doherty, Dr. Brown, Mr. Parker, Ms. Miller (Executive Director), Ms. Palmer (Your Part-Time Controller)

Absent: Ms. Adams, Ms. Kinnear

Ms. Massey called the meeting to order at 1:09 pm. A quorum was present.

There were no members of the public present at the meeting for public comment.

Ms. Palmer reviewed the financial reports current as of May 31st that had been distributed to the board in advance of the meeting. Following discussion, on a motion from Ms. Brown and a second by Mr. Parker, the financial reports were accepted as presented unanimously.

The Board discussed financial impacts related to the COVID shutdown through July 7th. It was reported that the shutdown has resulted in a $25,000 - $40,000 estimated loss. Estimated payroll expenditures during this time was $63,000.

There was discussion of planning for future shutdowns, payment of staff during shutdowns (including the current 2 week precautionary shutdown we are currently experiencing, and other related topics. These planning efforts were referred to the finance committee for further exploration and recommendations.

Ms. Brown moved (with Dr. Prochaska seconding) to continue paying staff through July 7th and to reevaluate the situation at that point as to whether the Center is able to reopen or not. The motion passed unanimously.

The Board was updated on the status of the early Head Start proposal.

Ms. Miller presented her Executive Director report. She reviewed enrollment and presented the upcoming academic year’s employee and family handbooks. Ms. Miller updated the board on hiring efforts for the upcoming 2020-2021 academic year. She also reported that migration of paperwork to online platforms is proceeding as planned.

A motion by Ms. Doherty (seconded by Dr. Brown) to approve the handbooks was passed unanimously.
Ms. Massey reported MECC being awarded $150,000 from the Permanent Endowment Fund in support of our scholarship program.

The Board adjourned its meeting at 2:33 pm on a motion by Ms. Doherty, seconded by Mr. Parker.

Respectfully submitted by Dr. John Prochaska, MECC Board Secretary

Board of Directors Special Meeting
July 14, 2020
Via Zoom

In attendance: Erica Adams, Amber Brown, Angela Brown, Weez Doherty, Betty Massey

Absent: Jeri Kinnear, Marcus Parker and John Prochaska

Staff: Karin Miller

Consultants: Holly Palmer, Your Part-time Controller and Neil Hoover, Ham, Langston & Brezina, LLP

Ms. Massey called the meeting to order at 2:00pm, declaring a quorum of the board in attendance via Zoom. She stated that the sole purpose of the meeting was the review and approval for submittal of the 2018/19 990 for MECC. All members of the board and Ms. Miller and Ms. Palmer had reviewed the document in advance, and Mr. Hoover had answered questions submitted to him. In response to one final question, he informed the board that when MECC became an in district charter school in the summer of 2018 its IRS status became that of a “school.”

With that question resolved, on a motion from Angela Brown and a second by Ms. Adams, the board voted unanimously to authorize Ms. Massey to sign the 2018/19 990 and Mr. Hoover’s firm to submit the document to the IRS.

On a motion duly made and seconded the meeting was adjourned at 2:20pm.

Re: A new childcare opportunity

Many parents of kindergarten and first grade students are struggling with the decision about how their young children should return to school next month...in person or virtual? These are parents that are trying to balance work, the health of their families, and the education of their little learners with the upside down, inside out world of COVID 19. MECC has a solution for these young families:

1. Enroll your kindergartener or first grader in the GISD school of your choice as a virtual learning student.
2. GISD will receive the ADA for your child and your child will receive virtual instruction from a GISD teacher and should be provided virtual learning equipment (tablet, chrome book, whatever.)
3. Next enroll your child in MECC’s kinder/first grade child care program, paying tuition of about $150 a week.
4. MECC will ensure that your child has a certified teacher in a small learning community of no more than 8 students and 1 or 2 adults. Your child will receive guidance with his or her virtual instruction and classwork, participate in enrichment activities including STEAM, take a break once or twice a day with recess on the playground, or in the (sanitized after every class gym), and enjoy lunch and snacks in his or her small learning community.
5. MECC has been practicing pandemic learning protocols since March 27th and while we do not pretend to have all the answers, we have real life experience and are adapting protocols as we learn.
6. This is the proverbial “win/win” situation:
   a. GISD counts your child as a public school student, receives the state funding and provides the academic instruction.
   b. MECC guides the GISD instruction, supplements that learning with enrichment activities in a practiced small group environment.
   c. You go to work confident that your child is receiving a good education in a safe and nurturing environment.

We are confident that we will have the classroom space to accommodate at least three of these classrooms, and we have the certified teachers to staff. Additionally, we do have some concern on the numbers of three and four year olds who will enroll this year...limited by parents’ concerns about COVID.
We cannot wait until July 31st to discuss and reach a decision on this program so another special board meeting is in our future!

MOODY EARLY CHILDHOOD CENTER
Board of Directors Special Meeting – COVID Outbreak
Videoconference via Zoom
July 21, 2020

Present: Ms. Massey (Presiding), Ms. Brown, Dr. Prochaska (joined late at 1:44 pm), Ms. Adams, Dr. Brown, Mr. Parker, Ms. Miller (Executive Director), Ms. Palmer (Your Part-Time Controller)

Absent: Ms. Doherty, Ms. Kinnear

Ms. Massey called the meeting to order at 3:06 pm. A quorum was present.

There were no members of the public present at the meeting for public comment.

The Board discussed options around expanding childcare operations into the Kindergarten and 1st grade levels during the period when remote/distance learning is being offered by public schools. This included discussion of tuition rates, capacity, etc. Ms. Miller discussed that, as a start, we may be able to accommodate 24 slots of such students, with MECC families and former families getting preference. Class size would be limited to 8-12 students per class.

Ms. Massey reported the potential for funding support from one of our donors for scholarships to support Kindergarten and 1st grader tuitions.

The Board discussed the notion of allowing older students to enroll. The example was given for an older sibling of an already enrolled student at MECC. The Board also discussed the importance of maintaining ratios related to household income brackets, as this is a core purpose for MECC.

Ms. Adams moved, seconded by Dr. Brown, that if MECC is unable to fill our pre-K classrooms this fall with Pre-K 3 & 4 students, MECC open enrollment to our childcare program to GISD-enrolled Kindergarten and 1st graders, with preference given to previous MECC students and current MECC families, while striving to maintain the targeted 60% low income ratio of enrollment, and to allow for the enrollment of older siblings on a case-by-case basis if space allows, at a tuition rate of $430 / month. The motion carried unanimously.

Ms. Massey updated the Board on discussions around the Early Head Start program.

Dr. Prochaska discussed the annual Board and Executive Director evaluation process, with a targeted goal of presenting a report and recommendations to the Board at the August meeting.

The Board adjourned at 3:40 pm.

Respectfully submitted by Dr. John Prochaska, MECC Board Secretary

Re: Proposal for Property, General Liability, Professional Liability, Accident, Umbrella & Flood  
Proposed Effective 8/1/2020 to 8/1/2021

Dear Board Members:

THANK YOU FOR YOUR BUSINESS!

We are pleased to enclose a presentation for the above referenced policy or line(s) of coverage. We would like to point out that this presentation outlines a few of the coverage and/or limitation features of the coverage line(s) being presented, others may apply. We strongly encourage you to review the presentation closely and call us should you have any questions or concerns. Please remember that the extent of any insurance provided to you is at all times governed by the complete terms and conditions of the issued policy itself. This presentation does not constitute coverage. You must sign and return all required documentation along with payment for the premium before a request for coverage can be made to the insurance company.

We would also like to remind you that your exposure to a loss may exceed your current limits. Higher limits may be available.

GIA offers a full line of insurance products including Life and Health insurance as well as Financial Products to help meet all of your insurance needs.

If you have ANY questions concerning this presentation or any other insurance matter, please let us know.

Sincerely,

Monica L Brown

WHAT DOES CO-INSURANCE MEAN?
A policy may contain a co-insurance provision requiring that the limits of insurance be a minimum percentage (usually 80%) of the insurable value of your property. If the limits of your policy are less than what is required by this provision, then any claim payment made to you may be reduced by the same percentage as the deficiency.

EXAMPLE

Property Value = $100,000
Insurance Required = $80,000
Insurance Carried = $60,000
Amount of Loss = $10,000

Since the amount of insurance carried is 25% less than the amount required ($80,000 as shown above), then any loss paid to you by the insurance carrier would be reduced by 25%. Below is an example of how the amount paid would be calculated.

CO-INSURANCE CALCULATION

\[ \frac{\text{Insurance Carried ($60,000)}}{\text{Insurance Required ($80,000)}} = .750 \text{ (percentage of the loss to be paid)} \]

Amount of Loss = ($10,000) \times .750 \text{ (the percentage paid)} = $7,500.

Based on the above example, you would be paid $7,500 \text{ minus any deductible} that applies.

**Notify your agent immediately when you have a substantial increase in the value of your building or contents in order to avoid any possible co-insurance penalties.**

POLICIES FOR SCHOOL CLOSURE

The Moody Early Childhood Center will follow Galveston ISD school policies listed below for school closures. The role of the Superintendent in the policies will be performed by the Executive Director or the designee.

EB (LEGAL)

School Start Date
A district may not begin instruction for students for a school year before the fourth Monday in August unless the district operates a year-round system (see below). A district may not receive a waiver of this requirement.

Exceptions
A district that does not offer each grade level from kindergarten through grade 12 and whose prospective or former students generally attend school in another state for the grade levels the district does not offer may instead start school on any date permitted under the law of the other state.

A district with a student enrollment of 190,000 or more may begin instruction for students for a school year on or after the first Monday in August at a campus or at not more than 20 percent of the campuses in the district if:

1. The district at the beginning of the school year provides, financed with local funds, days of instruction for students at the campus or at each of the multiple campuses, in addition to the minimum number of days of instruction required under Education Code 25.081;

2. The campus or each of the multiple campuses are undergoing comprehensive reform, as determined by the board; and

3. A majority of the students at the campus or at each of the multiple campuses are educationally disadvantaged.

Education Code 25.0811

Length of School Year
Each school year, a district shall operate for at least 75,600 minutes, including time allocated for instruction, intermissions, and recesses for students.

Exceptions
The commissioner may approve the operation of schools for fewer than the number of minutes specified above when disaster, flood, extreme weather conditions, fuel curtailments, or other calamities have caused the closing of schools.

If the commissioner does not approve reduced operation time, a district may add additional minutes to the end of the district's normal school hours as necessary to compensate for minutes lost due to school closures caused by disaster, flood, extreme weather conditions, fuel curtailment, or another calamity.

Education Code 25.081

Last Day of School
Moody Early Childhood Center
Business Office Procedures Manual

A district may not schedule the last day of school for students for a school year before May 15. However, a district that does not offer each grade level from kindergarten through grade 12 and whose prospective or former students generally attend school in another state for the grade levels the district does not offer may schedule the last day of school on any date permitted under Texas law or the law of the other state. *Education Code 25.0812*

Optional Flexible Year Program

To enable a school district to provide additional instructional days for an optional extended year program [see EHBC], the school district may, with the approval of the commissioner, provide a number of days of instruction during the regular school year that is not more than ten days fewer than 180 days. *Education Code 29.0821(b)(1)*

No Instruction on Memorial Day

A district may not provide student instruction on Memorial Day. If a district would be required to provide student instruction on Memorial Day to compensate for minutes of instruction lost because of school closures caused by disaster, flood, extreme weather conditions, fuel curtailment, or another calamity, the commissioner shall approve the instruction of students for fewer than the required number of minutes. *Education Code 25.081(f)*

Reduction of Funding

The commissioner may proportionally reduce the amount of funding a district receives under Education Code, Chapters 41, 42, or 46 and the average daily attendance calculation for the district if the district operates on a calendar that provides fewer minutes of operation than required. *Education Code 25.081(f)*

Exemption

A school district is exempt from the minimum minutes of operation requirement if the district’s or program’s average daily attendance is calculated in the manner provided below. *Education Code 25.081(e)*

A district or charter school is eligible to earn full average daily attendance if the district provides at least 43,200 minutes of instructional time to students enrolled in:

1. A dropout recovery school or program operating under Education Code 12.1141(c) or Education Code 39.0548;
2. An alternative education program operating under Education Code 37.008;
3. A school program located at a day treatment facility, residential treatment facility, psychiatric hospital, or medical hospital;
4. A school program offered at a correctional facility; or
5. A school operating under Education Code 29.259.

*Education Code 42.005(j)*

Year-Round Schools

A district may operate its schools year-round on a single or a multi-track system. If it adopts a year-round system, it may modify:

1. The number of contract days of employees and the number of days of operation, including any time required for staff development, planning and preparation, and continuing education, otherwise required by law.
2. Testing dates, data reporting, and related matters.
Moody Early Childhood Center
Business Office Procedures Manual

3. The date of the first day of instruction of the school year under Education Code 25.0811 for a school that was operating year-round for the 2000–01 school year.

4. Students’ eligibility to participate in extracurricular activities when their calendar track is not in session.

*Education Code 25.084*

**EB (LOCAL)**

School Closure

The Board delegates to the Superintendent the authority to close schools for reasons of public health and safety.

**DEA (LOCAL)**

Pay during Closing

During an emergency closure, all employees shall continue to be paid for their regular duty schedule unless otherwise provided by Board action. Following an emergency closure, the Board shall adopt a resolution or take other Board action establishing the purpose and parameters for such payments. [See EB for the authority to close schools.]

Premium Pay during Disasters

Exempt and nonexempt employees who are required to work during an emergency closing for a disaster, as declared by a legally authorized federal, state, or local official or the Board, shall be paid at the rate of one and one-half times their regular rate of pay for all hours worked up to 40 hours per week. Overtime for time worked over 40 hours in a week shall be calculated and paid according to law. [See DEAB] The Superintendent or designee shall approve payments and ensure that accurate time records are kept of actual hours worked during emergency closings.
MECC SCHOOL CLOSING PROCEDURES

COMMUNICATION

Moody Early Childhood Center will follow the Galveston Independent School District for districtwide school closings. The superintendent or designee will contact the MECC Executive Director regarding all safety issues that may result in a school closure. The MECC Executive Director or designee will notify the President of the Board of Directors, the appropriate state agencies, and the families. We will use our student management application and email to create texts, emails, announcements, and notifications will be sent with as much advanced notice as possible.

However, safety and learning are paramount to MECC, and factors may cause the cancellation or reduction of school hours independent of the public-school system. In the event of a shutdown due to pandemic illness, MECC will work in close collaboration and coordination with local health officials to make dismissal and large event cancellation decisions. Schools are not expected to make decisions about dismissal or canceling events on their own. School dismissals and event cancellations may be extended if advised by local health officials. The nature of these actions (e.g., geographic scope, duration) may change as the local outbreak situation evolves.

In this instance, the MECC Executive Director or designee will coordinate with local health officials to communicate dismissal decisions and any possible exposure.

- This communication to the school community should align with the communication plan in the school’s emergency operations plan.
- Plan to include messages to counter potential stigma and discrimination.
- In such a circumstance, it is critical to maintain confidentiality of the student or staff member as required by the Americans with Disabilities Act and the Family Education Rights and Privacy Act.

The MECC Executive Director will immediately notify the President of the Board of Directors, district superintendent and Board President, the appropriate state agencies, and the families. We will use our student management application to create texts, emails, and announcements and notifications will be sent with as much advanced notice as possible. If the school or parts of the should need to have an immediate closure, families will be notified by phone, texts, and emails.

SPECIAL BOARD MEETING

Once the determination of a complete facility shutdown is made, MECC will call a Special Board Meeting within four (4) business days of the closure. Items to be reviewed/determined include, but not limited to closure procedures, reopening plan, available finances resources, and staff pay.

In the case of a school closure, staff members scheduled for and attending work at the time of the closure will be paid full salary for the closure period up to a maximum of two weeks. If the closure extends beyond two weeks, the MECC Board of Directors in consultation with the Executive Director will
decide on salary payments to staff. Considerations to determine continuation of staff pay may be determined including, but not limited to the following criteria:

- Available Finances
- Pandemic Pay
- Contracted personnel
- Staff actively scheduled to work
- Time off available (Paid Time Off (PTO), etc.)

If a staff member is on leave at the time of closure, that staff member will receive salary payment only to the extent that his or her return to full-service falls within the two-week guaranteed salary pay period. That salary will be pro-rated based on the point in time during the initial closure period that the staff member is scheduled to return to work.

**CONTINUITY OF EDUCATION**

- Review continuity plans, including plans for the continuity of teaching and learning. Implement e-learning plans, including digital and distance learning options as feasible and appropriate.
- Determine, in consultation with school district officials or other relevant state or local partners:
  - If a waiver is needed for state requirements of a minimum number of in-person instructional hours or school days (seat time) as a condition for funding;
  - How to convert face-to-face lessons into online lessons and how to train teachers to do so;
  - How to triage technical issues if faced with limited IT support and staff;
  - How to encourage appropriate adult supervision while children are using distance learning approaches; and
  - How to deal with the potential lack of students’ access to computers and the Internet at home.

**CONTINUITY OF RESOURCES (MEALS, MEDICAL, SOCIAL SERVICES, ETC.)**

MECC will continue to coordinate with other local agencies to provide necessary services for children needing resources, with special healthcare needs, and will work with the state Title V Children and Youth with Special Health Care Needs (CYSHCN) Program.

Strategies to continue the distribution of food and other necessities for students and their families will be implemented. If there is community spread, MECC will design strategies to avoid distribution in settings where people might gather in a group or crowd. Consideration of options such as “grab-and-go” bagged lunches or meal delivery.
RE-OPENING OF FACILITY

MECC will follow GISD guidance for re-opening after a district-wide school closure.

During school dismissals for a pandemic closing (after cleaning and disinfection), MECC may stay open for staff members (unless ill) while students stay home to:

a) allow teachers to develop and deliver lessons and materials remotely, thus maintaining continuity of teaching and learning; and

b) allows other staff members to continue to provide services and help with additional response efforts.

Decisions on which, if any, staff should be allowed in the school should be made by the MECC administrative staff in collaboration with local health officials.

The District Superintendent and/or Executive Director will seek guidance from local health officials and other state agencies, to determine when students and staff should return to schools and what additional steps are needed for the school community. In addition, students and staff who are well but are taking care of or share a home with someone with an infectious case should follow instructions from local health officials to determine when to return to school.
