Moody Early Childhood Center Board of Directors Agenda
Friday September 27, 2019 @ 1:00 p.m.
At MECC at
1110 21st Street
Galveston, Texas 77550

1. Call to order
2. Review & Approval Minutes of August 23, 2019 board meeting (enclosed)
3. Public Comment
4. Committee Reports
   a. Finance Committee (material to be distributed at the meeting)
   b. Governance and Board Development
   c. Resource Development
   d. Government Affairs (material enclosed)
   e. Board of Advisors
5. Executive Director's Report (material to be distributed separately)
6. Review/Adoption: 2019-2022 Strategic Plan (enclosed)
7. Special Event Fundraising update and discussion
8. Announcements/Other Business
9. Confirm next meeting and Adjourn
Moody Early Childhood Center
BOD Minutes
Friday, August 23, 2019
1:00 p.m. in the Boardroom at MECC
1110 21st Street
Galveston, TX 77550

In Attendance:
Betty Massey, Jeri Kinnear, Weez Doherty, Angela Brown, Renee Templer, John Prochaska

Staff:
Karin Miller

Guest:

Ms. Massey called the meeting to order at 1:07 p.m.

On a motion from Ms. Kinnear and a second by Dr. Prochaska the minutes of the July 26, 2019 board meeting were approved as distributed.

Ms. Kinnear posed several questions as follow-up to the minutes, all of which Ms. Miller or board members answered. On a motion from Ms. Kinnear and a second by Dr. Prochaska the minutes of the August 9, 2019 special called board meeting were approved as written.

There were no members of the public present, so Ms. Massey moved the meeting into the financial reports. Ms. Miller and Ms. Brown presented the reports for the time period September 2018-July 2019; these reports had been assembled by Ashley Garcia of Your Part-time Comptroller. MECC had hired YPTC following the abrupt departure of the interim bookkeeper. Board members discussed the financial reports with various members of Finance Committee responding to questions. As chair of Finance Committee, Ms. Brown presented the committee’s recommendation to continue with YPTC as the core component of MECC’s accounting team. Ms. Miller has reassigned some responsibilities to other staff members. The board concurred with this recommendation for the immediate future.

Ms. Miller then distributed and reviewed her report noting that the pace of PreK3 registration was accelerating with over 100 students fully enrolled. She also told the board that the MECC Health Clinic was complete and suggested board members accompany her on a tour following the meeting.

The challenge of the administration of the TEA implementation grant and general cash flow with GISD continues.
Dr. Prochaska led the board through the process of drawing for initial terms under the bylaws revised and approved earlier in the year. Following a random drawing board members received the following terms:

- Class of 2020 (drawing a partial term of 1 year)- Renee Templer and John Prochaska
- Class of 2021 (drawing a partial term of 2 years)- Jeri Kinnear and Weez Doherty
- Class of 2022 (drawing a full 3 year term)- Betty Massey, Angela Brown and Erica Adams

On a motion by Dr. Prochaska and a second by Ms. Templer, the following officers were elected for the 2019-2020 fiscal year:

- Betty Massey-President
- Jeri Kinnear-Vice President
- John Prochaska-Secretary
- Angela Brown-Treasurer

The final piece of business from the Governance and Board Development Committee was a discussion of skills/characteristics for additional board members. There was consensus around searching for legal and accounting skills, a younger and more ethnically diverse demographic and more diverse gender demographic.

Ms. Massey briefly reviewed the Operating Budget Fundraising Plan for 2019-20 which had been presented and discussed at the July board meeting. Ms. Miller and Ms. Kinnear proposed a fundraising event centered on a large donation of wine that Ms. Miller’s sister is prepared to make to MECC for the purpose of selling the wine for the benefit of MECC. Several board members assumed initial assignments in preparation for putting together this fundraiser.

Ms. Doherty announced that the next meeting of the Board of Advisors is September 5th, the same day as the United Way Galveston kick-off luncheon which Ms. Templer, Ms. Brown and Ms. Doherty will attend with Ms. Miller and several of her staff.

The board then spent time reviewing the 2019-2022 strategic plan with Ms. Miller continuing to revise the plan. The next board meeting will be a special called meeting at 1:30 p.m. on September 6th for the purpose of reviewing a major grant application to the Moody Foundation. This application will be a major financial component of the three year strategic plan.

The next regular board meeting is to be held on September 27th at 1:00 p.m. at MECC.

On a motion from Ms. Kinnear and a second by Ms. Doherty, the meeting was adjourned at 3:18 p.m.
Early Matters Policy Committee Follow-up
9/17/19

Action Items:

1) By Wednesday – Use this Google doc to join one of the 5 Pritzker Early Education workgroups (See item 1 in follow up)

2) If you’d like to join EC Rulemaking workgroup 9/26 from 11:30-1, email libby.mccabe@commitpartnership.org. (See item 2 in follow up)

3) Encourage TWC to expand the scope of their RFP for attendance tracker system (See item 3 in follow up)

4) Encourage TWC to maintain full day subsidies for pre-k partnerships (See item 4 in follow up)

5) We are compiling feedback for TRS 4 Star Review Committee and will be asking for your logo in support. Or feel free to submit your own to TRS4YearReview@twc.state.tx.us. (See item 5 in follow up)

1) Pritzker Early Education Working Groups. First meeting was Monday; 133 people signed up, state agency reps included in work groups. The group has 2 goals: (a) Increase access to high-quality child care for low income children with working parents and (b) Strengthen the Early Childhood Education workforce (through addtl PD, wage supports and other efforts). Five workgroups have been created with leaders noted below. Use this Google doc to sign up for one of the working groups – please sign up by Wednesday.
   - Improve Quality of TRS Standards and Practice (Shay Everitt at C@R)
   - Strengthen the Early Childhood Education workforce (Kim Kofron, TxEYC)
   - Increase TRS participation (Stephania Whitehurst, CCA Ft Worth)
   - Establish increased reimbursement rates for high quality child care for infants and toddlers (Larrisa Wilkinson -preK 4 SA)
   - Strengthen public/private partnership to increase access to quality Pre-K for 3 year olds (Chelsea Jeffrey, Commit and Cathy McHorse, Success by 6 Austin)

2) Rulemaking work groups: Dallas District directors group met last week to provide feedback to TEA on the reading academies. And we are having a meeting on 9/26 from 11:30-1 with the people who indicated an interest in participating in EC rulemaking to discuss that feedback and other guidance we want to give TEA on EC rulemaking. If you’d like to join that meeting email libby.mccabe@commitpartnership.org.

3) TWC RFP for procurement of a central attendance tracking tool. Scope of RFP is only for a tool to track attendance for subsidy kids and not attendance for all kids such that we could get real time vacancy info, and provide that data to HHS (needed for licensing) and business management tools. We are requesting the REF include a standardized reporting requirement so data can be imported to different systems in a consistent fashion. See letter attached to follow up email from Regen to TWC. We encourage you to reach out to echo this request to TWC.
4) **Full day subsidies for PreK partnerships.** We encourage you to reach out to TWC to ask them to not reduce full day subsidies for students at pre-K partnerships at centers. Here is some language (ideally please edit this so not verbatim of what we sent). (Send to: "Miller,Reagan" <reagan.miller2@twc.state.tx.us>, Courtney Arbour <courney.arbour@twc.state.tx.us>)

We have heard that TWC is considering not allowing child care providers to receive full-day CCDBG subsidy funds for the total hours outside of the ADA funded ½ day for Pre-K. This will present a serious challenge to our pre-K partnerships for several reasons. First, neither districts nor the childcare centers have budgeted to make up for these lost funds. We think centers will opt out of partnerships rather than lose these subsidy funds. Second, even though districts have received additional funding through the early literacy allotment, given all the new requirements around early literacy, that funding is insufficient to pass through enough funding to support the pre-K classroom plus make up for the centers’ loss of subsidy funding. For example, under the Dallas ISD model (one of the districts with the greatest number of pre-K partnerships), where Dallas ISD provides a BA trained teacher and materials to a center, that teacher’s salary and benefits and materials cost more than the 1/2 ADA they get for the students in that classroom, plus most of the early literacy allotment that would be allocated to those students. So the districts do not have sufficient funds to cover any loss in subsidy funding by the center.

We want to encourage our districts and centers to partner, and we want those partnerships to provide strong, high-quality PreK. The removal of these existing federal CCDBG funds will greatly jeopardize our ability to create high quality pre-K partnerships. It will make it much harder for districts to recruit partnerships, which is now an explicit requirement (via HB3) before districts may make capital expenditures.

We do, however, see a long term shifting of subsidy funds from 3 year olds to higher reimbursement rates for 0-2 year olds as a positive move, so that serving 0-2 year olds could become a viable business — so long as the center would not lose any dollars on a net basis. But this would need to be a long term plan with clear communication to districts and centers so they could plan for this shift.

I hope you all will do what you can to change the policy around CCDBG subsidy funds.

5) **TRS 4 Star Review Work Group.** This group will review all of the input received and develop recommendations for TWC to consider in the development of new TRS Guidelines. Questions and comments can be submitted anytime throughout the TRS review process. We are putting together feedback and will circulate it with a request for your logo in the next couple of weeks. We agreed to discuss the following in that email:

- Licensing deficiencies – need to prevent and remediate deficiencies (Shay will draft)
- TECPDS registry support – need $ for technical assistance (Michelle will draft)
- Continuous quality improvement – re-affirm their commitment to include this
• Do not remove teacher qualifications as part of TRS (Michelle will draft)
• Childcare workforce – allow points towards TRS if have a wage scale, wage incentives, etc. (Shay will draft)
• Allow 1 star TRS for all in subsidy centers with deadline to move up in 2 years (Shay will draft)
• More consistent training for the mentors to be more like coaches.

Here is the email address to submit individual comments: TRS4YearReview@twc.state.tx.us

6) **Changes at TWC.** Effective September 1st, Child Care & Early Learning is being reorganized as a full Division within the Texas Workforce Commission, reporting directly to the Executive Director, Mr. Ed Serna. The Division will be led by Ms. Reagan Miller. Also, Bryan Daniel, Commissioner representing the Public, has been named Chairman of the Texas Workforce Commission (TWC), replacing Ruth Hughes who was named Secretary of State. Aaron S. Demerson has been named TWC’s new Commissioner Representing Employers. Prior to his appointment, Commissioner Demerson served as the Director of the Office of Employer Initiatives at the Texas Workforce Commission.

7) **Early Learning Council Update.** Stephanie Rubin, a member of the Early Learning Council, noted that although progress has been slower than hoped due to delays in the reports of outside consultants supporting the needs assessment and strategic plan, the Council has been working well together. The Council is currently working to identify the goals they want to set.

8) **HB3 Webinars** – TEA’s HB3 Reading Practices webinar was launched Sept 12th. It contained good information about how the Reading Academies will be implemented; the required phonics curriculum, prioritize highly effective k-2 teachers and use integrated assessments. PPT from that webinar is attached. Board and District goal setting webinar will be released 9-19.

Date: September 16, 2019

To: TWC Commissioner Bryan Daniel
    TWC Commissioner Julian Alvarez
    TWC Commissioner Aaron Demerson
    TWC Division Director for Procurement, Lowell Keig

Over the past few years, coalitions across the state have been working closely with childcare providers to improve quality and sustainability of childcare. Our work together has multiple components which address both the parent experience trying to find and enroll in childcare and the administrative tasks/burdens placed upon childcare providers making it more difficult for them to sustain their businesses and focus on quality programs.

Daily attendance tracking of all students is required for multiple purposes. It is required in order to receive reimbursement for subsidies. It is also required by licensing and Texas Rising Star evaluations for ratio monitoring. And, the software systems used by Centers also need the data to track collections. Because some children will be receiving PIEMS numbers and attend centers which are ISD partners, attendance information will also be useful for TEA. All of these systems currently require separate processes to manage the same attendance data.

We are pleased to see the State of Texas and Texas Workforce Commission’s (TWC) commitment to supporting quality childcare by issuing an RFP for the procurement of a central attendance tracking tool. However, we are concerned that the scope of the RFP only specified tracking for subsidy children and coordination with TWIST and not attendance for ALL children which is needed by licensing (HHS), for billing
(business management tools) and for making vacancies easy for parents to locate.

Requiring centers to take attendance differently for subsidy children than private pay creates inequities, stigma and red tape for the parents and the Centers. It would be far more productive and efficient to have a SINGLE attendance system or process for ALL children enrolled in licensed childcare across the state.

Choosing a tool/system/vendor which only solves one problem seems short-sighted and, ultimately, much more expensive when it becomes difficult to integrate disparate systems created for different reasons.

Technology already exists in this space for efficient means of collecting, storing, and safely transmitting data. The efficiency of having a single attendance tool for all children would make it easy for parents, centers and the state agencies to get data accurately and in real time. Without thoughtful architecture, we potentially expose the risk of data privacy and security of the most vulnerable.

We would like to encourage the State to seek a more comprehensive solution to attendance tracking which meets the objectives of all of the systems - TWC/TWIST, HHS/Licensing, TEA, Centers’ business practices and parents ease of finding quality care for their children.

Without a coordinated solution, the burden of getting the same information to different agencies in different systems and formats falls to the Centers. If the new attendance tracking system only solves for the TWC/TWIST needs, it would, by design, perpetuate the current situation which keeps data for different purposes in silos by department.

So, our plea is for the state to first articulate and standardize how attendance is to be reported for all children (regardless of whether they are paying using a subsidy or not). Before you can select a vendor, we hope that your specifications include a standardized method of attendance reporting such that the data can be extracted or imported in a consistent fashion.
A standardized reporting requirement will insure that attendance data can be distributed securely and automatically to all of the systems which rely on that data – TWIST, licensing, TEA, any business software and the vacancy tools that our collaborations are trying to develop.

We have resources and experts working with us and are more than happy to participate and help craft the architecture which would be most efficient and effective for attendance taking and storage of that data. Managing attendance uniformly will make the other reliant reporting tasks more accurate, immediate and easily accomplished.

Executive Summary

Moody Early Childhood Center (MECC) was established to ensure that all Galveston children, regardless of their families’ economic status, enter kindergarten prepared to succeed. The 2017-2018 state results revealed only 21% of Galveston Island children approaching the doors of their Kindergarten classrooms have the skill sets they need to begin their public-school education, which is a 10% decline from the previous year’s assessment scores. MECC understands that a student’s success can be bolstered, not only by early intervention, but also by family and community engagement. Because MECC believes that students will succeed if all stakeholders are actively engaged. Regularly scheduled advisory meetings with families, staff, community partners, and professionals with early childhood expertise are scheduled to assist in building and strengthening connections on the Island; thereby fostering a greater sense of community for our families and providing easier access to support as it is needed.

Serving Our Students

Goal: Increase student access to high-quality early childhood education in order to enter kindergarten prepared to succeed and become lifelong learners.

Targets (SMART Goals):
1. During MECC year of 2016-2017, 50% of the twenty (20) staff members had higher credentialing. Beginning the 2019-2020 program year, 55% of the sixty (60) staff employed have advanced credentials. By the 2021-2022 school year, MECC is striving for 75% of all staff with advanced certificates.

2. In the 2018-2019 school year, students enrolled in the infant and toddler program met 75% of their developmental goals before they advanced to the next age group. For the 2019-2020 school year, infant and toddler students must meet 80% of their developmental goals before moving into the next class, or have an intervention plan in place to assist with remediations.

3. In 2018-2019, fifteen (15) students enrolled in PK3 attended the Infant/Toddler classes at MECC. In 2019-2020, MECC will implement a PK4 class to serve these students. By 2021-2022, MECC will implement four (4) PK4 classes to serve 100% of the students who have been served in the Infant/Toddler classes.

4. In 2019-2020, thirteen (13) out of fifteen (15), 87%, of the students enrolled in PK4 attended the Infant/Toddler classes at MECC. Of the two (2) students who did not attend, both moved away from Galveston. In addition, twenty-five (25) out of a possible thirty-four (34) students from the Infant/Toddler program enrolled in the PK3 classes at MECC. Of the nine PK3 eligible students who did not enroll, 1 was special needs and went to Galveston ISD PPCD program, 3 went to private schools, and 5 moved away from Galveston. The Moody Early Childhood Center will have 95% of the students moving from the Infant/Toddler
program in 2019-2020 enroll and attend MECC PK4 in 2020-2021 and increase to 100% in the 2021-2022 school year.

5. In 2018-2019, MECC students enrolled in PK3 who had attended Infant/Toddler program achieved the following results on Galveston ISD Student Learning Objectives (SLO) and campus-based assessments:

Letter = Letter Identification (Identifies 10 letters)
Vocab = Vocabulary (Identifies 90+ vocabulary words identified in the curriculum)
CL = Capital Letter Identification (10 or more)
LL = Lower Case Identification (10 or more)
# = Number Identification (1-5)
Counting = Rote counting (1-15)
Colors = Identifying Colors (11)
Shapes = Identifying Shapes (6)

For the 2019-2020 school year, 100% of students attending the PK3 or PK4 classes who had been enrolled in the Infant/Toddler program will meet or exceed the goals established in the campus-based assessments, and 80% of students new to MECC will meet or exceed the goals established. MECC will continue to increase the goal of the students new to MECC achieving the goal by 5% in 2020-2021, and 2021-2022.

6. While there is no data on Kindergarten readiness for MECC students in prior years, 100% of students attending PK4 classes at MECC will test as Kindergarten ready through the CIRCLE or TPRI/Tejas Lee assessment at the end of the 2019-2020 program year.

Supporting Our Families

Goal: Increase all families' connectedness and participation in school, and community by expanding their knowledge and access to resources and educational opportunities.

Targets (SMART Goals):
1. 58% of the MECC families working with our Family Advocates met half of their family goals they established in the 2018-2019 school year. For the 2019-2020 school year, 75% of the MECC families working with our Family Advocates will meet or exceed 75% of their established short-term goals documented through the Optimax case management system.

2. MECC offers a variety of activities for parents and families, including parenting, financial training, developmental educational workshops, health/social-emotional classes, and family events. For the upcoming 2019-2020 program year, MECC will offer a minimum of five (5) programs each month to expand participation.

Advancing Our Center

Goal 1: To ensure all our resources, including staffing, physical resources, school organization and educational resources are aligned to strengthen and support our work in implementing our School Strategic Plan and our School Vision

Goal 2: Develop a sustainable and replicable business model

Goal 3: Ensure MECC is recognized as a regional, state-wide, and national model as high-quality early childhood education
Targets (SMART Goals):
1. MECC has established a Business Operations Manual. In 2019-2020, MECC will review and update this document to ensure processes and procedures are in place for fiscal integrity, and schedule annual reviews to ensure resources are allocated appropriately and procedures are being followed.

2. Beginning in 2019-2020, MECC will strengthen and identify additional funding opportunities by applying for a minimum of three (3) additional programs, foundation, state, or federal, annually.

3. In the 2019-2020 school year, MECC is implementing Lead Teachers to assist with classroom observations, continuous feedback, and timely communication. 100% of MECC classroom staff will receive continuous feedback via walk-through documentation, professional development, and will receive appropriate evaluation tools will be used at 60, 90, formative and summative reviews.

4. In the 2017-2018 school year, the attendance rate for the PK3 students was 92%; however, it fell to 90% in the 2018-2019 year. There was no system to document the staff attendance rate for the 2018-2019 school year. For the 2019-2020 school year, the PK student attendance rate will increase to 91%, then subsequently raise .5% annually. MECC has purchased a new payroll system to assist in monitoring staff attendance beginning the 2019-2020 year. In 2019-2020, staff will have a 95% attendance rate for the 2019-2020 school year and increase at a .5% annually.

5. In 2019-2020, MECC will receive accreditation from the National Association for the Education of Young Children (NAEYC), becoming the only facility on Galveston Island receiving that distinction and will maintain the program distinction for the subsequent plan years.

6. 100% of MECC staff will receive high quality professional development during all program years 2019-2022. Staff development opportunities will be targeted to school initiatives, and individual staff needs/interests.

Strengthening Our Partnerships
Goal: Increase students and families’ connectedness to school utilizing staff and community partners to strengthen the support and connection families have to student engagement.

Targets (SMART Goals):
1. Beginning in the 2019-2020, MECC staff will actively participate in regularly scheduled partner discussions with GJSD facilitated by MAYA consulting, the TEA School Transformation Partner.

2. MECC will increase community partnerships by three (3) agencies annually who actively partner by participating in advisory meetings, or assist with resources for families, students or staff in the 2019-2020 and subsequent program years.

Ensuring Effective Leadership
Goal: The Moody Early Childhood Leadership will exemplify the founding principles of the organization and make decisions that will successfully move the organization forward.
Targets (SMART Goals):
1. 100% of MECC Board members and administrators will receive and complete the annual training requirements for charter school and district leadership on or before May 31 of each year.

2. In 2018-2019 school year, MECC updated the program by-laws to reflect the growing organization's needs. Beginning in the 2019-2020 program year, MECC will implement rotating board terms and length of service and 100% of the MECC Board members will be designated a length of term service.

# School Profile

<table>
<thead>
<tr>
<th>Purpose</th>
<th>Moody Early Childhood Center (MECC) was established to ensure that all Galveston children, regardless of their families' economic status, enter kindergarten prepared to succeed. Our <strong>PURPOSE</strong> is to provide a warm, caring and stimulating early childhood educational environment to provide the foundation skills necessary for our children to succeed as lifelong learners.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Mission</td>
<td>Our <strong>MISSION</strong> is to provide a safe, nurturing and developmentally appropriate program which fosters active learning, support for the whole child, and a child friendly environment. MECC fosters innovation, embraces teamwork, strives for excellence, respects and supports families, commits to service at all levels, respects and appreciates diversity, actively listens and seeks to understand, communicates openly and productively, uses resources creatively and responsibly and abides by the NAEYC code of ethics.</td>
</tr>
</tbody>
</table>
| Vision | Our **VISION** for the Moody Early Childhood Center is to ensure that Galveston children, regardless of their families' economic status, enter kindergarten prepared to succeed.  
1. Our students have the individual skills and knowledge to succeed in a rapidly changing world.  
2. Our students, staff and community learn, and are cared for, in an environment that reflects our school values.  
3. The school ethos adds value to each child's life through an interdependent partnership among parents, staff and students.  
4. Implement the 12 Quality Standards  
   - safe and supportive environment,  
   - active and engaged learning,  
   - skill building,  
   - youth voice and leadership,  
   - healthy choices and behaviour,  
   - diversity, access, and equity,  
   - quality staff,  
   - clear vision, mission, and purpose,  
   - collaborative partnerships,  
   - continuous quality improvement  
   - program management, and  
   - sustainability  
   in order to provide the foundation on which the school operates and students, staff and parents learn. |

<table>
<thead>
<tr>
<th>Program Overview</th>
</tr>
</thead>
<tbody>
<tr>
<td>Moody Early Childhood Center is a school community which is based on strong values. Our focus on the academic, social and emotional wellbeing of each of our 330 students is based on a common understanding of what it means to live by the values.</td>
</tr>
<tr>
<td>To do this we work closely in teams, generate ideas, and continually develop and renew our programs to achieve our purpose. As a community, we work in our interdependent partnerships with enthusiasm, a strong sense of commitment and a love of learning.</td>
</tr>
<tr>
<td>Together we provide an excellent range of high quality curriculum and extra curricula programs which put the focus firmly on our value of learning.</td>
</tr>
<tr>
<td>We have invested, and continue to invest, a significant amount of money, personnel and time in the professional learning of staff. Generally, as we experience a 15 - 20% changeover of staff each year, it is important that we maintain this level of investment and therefore we place priority on maintaining strong goal congruence through our focussed professional learning.</td>
</tr>
<tr>
<td>Our attractive facility ensures the safety of all students and create an environment which caters for a range of learning opportunities. Age appropriate activities aligned with stimulating rigor coupled with passive and active play are paramount in the overall methodology used when teaching our students.</td>
</tr>
<tr>
<td>The school community has a diverse ethnic population with 13 nationalities represented, 26% are English Language Learners, 43% are At-Risk, and 4% are being served through Special Education services. Overall, our students are 81.1% economically disadvantaged, as indicated as qualifying for financial assistance through WorkSource, enrolling on scholarship, or qualifying for the free/reduced meal plan which truly is in lock step with the Galveston Independent School District In keeping with Moody Early Childhood Center.</td>
</tr>
<tr>
<td>Strong relationships and clearly documented processes are keys to the smooth operation of our school; offering consistency of approach in programs and welfare and strong accountability to our community and Texas Department of Family and Protective Services (DFPS). Senior staff members are assigned to the Infant-Toddler and Pre-K areas to serve &quot;Lead Teachers&quot; who observe, mentor and coach the staff members, as well as an Education Advocate is in place to provide support for children, parents and staff.</td>
</tr>
<tr>
<td>The MECC Board of Directors is a keystone to the stability of the program. The Board not only governs, but believes in providing any assistance needed for the program to be successful. In addition to the support of the Board, MECC could not survive without the generous support our funders contribute for the resources allocated to our classrooms and resources for our families.</td>
</tr>
<tr>
<td>MECC has strong ties to the families and community partners exhibited by the large variety of programs and resources that are able to be offered.</td>
</tr>
</tbody>
</table>
A key priority is to maintain and strengthen our learning approach and program, with all staff being trained every year prior to the beginning of the school year. Coupled with the high level of professional knowledge within our own staff, our focus on quality learning throughout our professional learning program was, and continues to be, of a high standard. Our school operates according to the Quality Framework based on a systems view (outlined on the next page) strong relationships founded on values, and agreed processes.
# Serving Our Students

## Key Improvement Strategies

<table>
<thead>
<tr>
<th>Goals</th>
<th>1. Enroll and educate a minimum of 120 infants and toddlers maintaining the school's commitment that the majority of students served (60%) reside in lower income household on Galveston Island.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Targets</td>
<td>2. Hire high quality and motivated staff that exemplifies the Core Values of MECC.</td>
</tr>
<tr>
<td>Year 1: Implement first PreK4 class at MECC</td>
<td>3. Implement Infant &amp; Toddler developmental benchmark assessments that follow the students as they progress through the program.</td>
</tr>
<tr>
<td>Enrollment 120 infant/toddlers</td>
<td>4. Initiate opportunities to expand PreK4 availability to students served in MECC Infant and Toddler program and PreK3.</td>
</tr>
<tr>
<td>150 PK3</td>
<td>5. Offer students served in the MECC infant and toddler program the opportunity to remain on the campus until they complete PreK4.</td>
</tr>
<tr>
<td>15 PK4</td>
<td>6. Diversify the socio-economic composition of the PreK student body.</td>
</tr>
<tr>
<td>Infant &amp; Toddler Benchmarks: 80% of all infant &amp; Toddler students will meet or exceed benchmarks</td>
<td></td>
</tr>
<tr>
<td>Student Learning Objectives: 80% PK3 &amp; 4 students will achieve mastery</td>
<td></td>
</tr>
<tr>
<td>Year 2: Implement two additional PreK4 classes at MECC</td>
<td></td>
</tr>
<tr>
<td>Enrollment 120 infant/toddlers</td>
<td></td>
</tr>
<tr>
<td>150 PK3</td>
<td></td>
</tr>
<tr>
<td>45 PK4</td>
<td></td>

<tr>
<td>Infant &amp; Toddler Benchmarks: 85% of all infant &amp; Toddler students will meet or exceed benchmarks</td>
<td></td>
</tr>
<tr>
<td>Student Learning Objectives: 85% PK3 &amp; 4 students will achieve mastery</td>
<td></td>
</tr>
<tr>
<td>Year 3: Implement four PreK4 classes at MECC</td>
<td></td>
</tr>
<tr>
<td>Enrollment 120 infant/toddlers</td>
<td></td>
</tr>
<tr>
<td>150 PK3</td>
<td></td>
</tr>
<tr>
<td>60 PK4</td>
<td></td>
</tr>
<tr>
<td>Infant &amp; Toddler Benchmarks: 90% of all infant &amp; Toddler students will meet or exceed benchmarks</td>
<td></td>
</tr>
<tr>
<td>Student Learning Objectives: 90% PK3 &amp; 4 students will achieve Mastery</td>
<td></td>
</tr>
</tbody>
</table>

---

1. During MECC year of 2016-2017, 50% of the twenty (20) staff members had higher credentialing. Beginning the 2019-2020 program year, 55% of the sixty (60) staff employed have advanced credentials. By the 2021-2022 school year, MECC is striving for 75% of all staff with advanced certificates.

2. In the 2016-2019 school year, students enrolled in the infant and toddler program met 75% of their developmental goals before they advanced to the next age group. For the 2019-2020 school year, infant and toddler students must meet 80% of their developmental goals before advancement.
developmental goals before moving into the next class, or have an intervention plan in place to assist with remediations.

3. In 2018-2019, fifteen (15) students enrolled in PK3 attended the Infant/Toddler classes at MECC. In 2019-2020, MECC will implement a PK4 class to serve these students. By 2021-2022, MECC will implement four (4) PK4 classes to serve 100% of the students who have been served in the Infant/Toddler classes.

4. In 2019-2020, thirteen (13) out of fifteen (15), 87%, of the students enrolled in PK4 attended the Infant/Toddler classes at MECC. Of the two (2) students who did not attend, both moved away from Galveston. In addition, twenty-five (25) out of a possible thirty-four (34) students from the Infant/Toddler program enrolled in the PK3 classes at MECC. Of the nine PK3 eligible students who did not enroll, 1 was special needs and went to Galveston ISD PPCD program, 3 went to private schools, and 5 moved away from Galveston. The Moody Early Childhood Center will have 95% of the students moving from the Infant/Toddler program in 2019-2020 enroll and attend MECC PK4 in 2020-2021 and increase to 100% in the 2021-2022 school year.

5. In 2018-2019, MECC students enrolled in PK3 who had attended Infant/Toddler program achieved the following results on Galveston ISD Student Learning Objectives (SLO) and campus-based assessments:

# = Number Identification (1-5)
Counting = Rote counting (1-15)
Colors = Identifying Colors (11)
Shapes = Identifying Shapes (6)

For the 2019-2020 school year, 100% of students attending the PK3 or PK4 classes who had been enrolled in the Infant/Toddler program will meet or exceed the goals established in the campus-based assessments, and 80% of students new to MECC will meet or exceed the goals established. MECC will continue to increase the goal of the students new to MECC achieving the goal by 5% in 2020-2021, and 2021-2022.

6. While there is no data on Kindergarten readiness for MECC students in prior years, 100% of students attending PK4 classes at MECC will test as Kindergarten ready through the CIRCLE or TPRI/Tejas Lee assessment at the end of the 2019-2020.
Establishing an agreed school culture is the basis of a successful operation. This should include a set of guiding principles and undertakings for all areas of school improvement.

The development of an instructional model:
- Supports schools to develop a shared language about teacher practice.
- Supports teacher reflection and informs the professional learning needed.
- Engages and motivates teachers to consider how their teaching practice can best support student learning.

By developing a deep understanding of the content and skills described in each developmental level and student academic standards, teachers are better able to plan for, teach and assess all of the students in their care.

As the most influential factor in improving student outcomes the ongoing development of teacher expertise and knowledge must be a high priority. Teachers must grow their ability to interpret and apply teacher based assessment criteria.

By engaging in a program of targeted professional reading, the school can raise the level of professional discourse and ensure that there is universal involvement of staff in the education dialogue.

## Advancing Our Center

<table>
<thead>
<tr>
<th>Goals</th>
<th>Key improvement strategies</th>
</tr>
</thead>
</table>
| To ensure all our resources, including staffing, physical resources, school organization and educational resources are aligned to strengthen and support our work in implementing our School Strategic Plan and our School Vision. Develop a sustainable and replicable business model. Ensure MECC is recognized as a regional, state-wide, and national model as high-quality early childhood education. | 1. Pursue and Achieve NAEYC accreditation.  
2. Stabilize our staffing (hiring and retaining the best and brightest), instilling the founding principles and core values of MECC (i.e. high-quality education, excellence in all we do, exceptional customer service).  
3. Ensure processes and procedures are in place for fiscal integrity.  
4. Strengthen and identify additional funding opportunities. |
### Targets

1. MECC has established a Business Operations Manual. In 2019-2020, MECC will review and update this document to ensure processes and procedures are in place for fiscal integrity, and schedule annual reviews to ensure resources are allocated appropriately and procedures are being followed.

2. Beginning in 2019-2020, MECC will strengthen and identify additional funding opportunities by applying for a minimum of three (3) additional programs, foundation, state, or federal, annually.

3. In the 2019-2020 school year, MECC is implementing Lead Teachers to assist with classroom observations, continuous feedback, and timely communication. 100% of MECC classroom staff will receive continuous feedback via walk-through documentation, professional development, and will receive appropriate evaluation tools will be used at 60, 90, formative and summative reviews.

4. In the 2017-2018 school year, the attendance rate for the PK3 students was 92%; however, it fell to 90% in the 2018-2019 year. There was no system to document the staff attendance rate for the 2018-2019 school year. For the 2019-2020 school year, the PK student attendance rate will increase to 91%, then subsequently raise .5% annually. MECC has purchased a new payroll system to assist in monitoring staff attendance beginning the 2019-2020 year. In 2019-2020, staff will have a 95% attendance rate for the 2019-2020 school year and increase at a .5% annually.

5. In 2019-2020, MECC will receive accreditation from the National Association for the Education of Young Children (NAEYC), becoming the only facility on Galveston Island receiving that distinction and will maintain the program distinction for the subsequent plan years.

6. 100% of MECC staff will receive high quality professional development during all program years 2019-2022. Staff development opportunities will be targeted to school initiatives, and individual staff needs/interests.

### Theory of action

By working together with a clear focus and shared understanding we improve our chances of achieving our goals.

<th>Success criteria</th>
</tr>
</thead>
</table>
| Strengthen MECC sustainability by utilizing diversified strategies which includes performance measures, operational efficiency, fiscal accountability, and stakeholder involvement | • Begin application process and schedule observation visit for NAEYC accreditation (1)  
• Staff advisory committee will meet twice a year to discuss relevant organizational activities (2)  
• Lead Teachers will be used to assist with communication, coaching, and planning (2)  
• Common planning times will be used for all age levels (2)  
• Team building events will be planned by staff (2)  
• Re-negotiate rates with WorkForce Solutions (4)  
• Develop a strategic plan and long term budget (3)  
• Develop and implement a fundraising plan that taps into individual wealth (4)  
• Research and apply for additional federal, state and private foundation grant opportunities, including the Early Head Start grant (4)  
• Review and amend Business Operations Manual to ensure processes and procedures as implemented appropriately (3)  
• Increase brand recognition and market MECC accomplishments (1) | • Application process for NAEYC completed and accreditation visit scheduled.  
• Staff advisory meeting dates and times set  
• Lead teachers hired  
• Planning periods created in schedule for coordinated planning times for teachers of all age groups  
• Staff member assigned to create staff team building and appreciation activities  
• New rates of reimbursement assigned by WorkForce Solutions  
• Adopt three-year strategic plan and budget projection  
• Evaluate effectiveness and modify fundraising plan as needed  
• MECC will apply for three additional grant opportunities each year  
• Smooth operations of the schools daily organization and finance procedures  
• Highlight MECC accomplishments through social media, trade magazines, and other publications |
